

A complete set of Southco's magnetic catches consists of a positive fixed catch and a negative fixed or swivel catch. Follow steps 1 - 3 below to select a set of magnetic catches.

DESIGN CONSIDERATIONS

Need to accommodate for manufacturing variability or door / panel sag?

Swivel catches offer adjustability in angle and height.

Limited space in your application?

Fixed catches offer flush and low profile solutions.

1 Select the Magnetic Catch Strength

Catch 1 Strength	Catch 2 Strength	Nominal Hold
Low	Low	50 N (11 lb)
Low	High	69 N (15 lb)
High	High	118 N (26 lb)

2 Select a Positive Catch Style to fit your Application

Flush Fixed Catch

Proud Fixed Catch

Low Strength	M5-7P-41-8	M5-7P-42-8
High Strength	M5-7P-61-8	M5-7P-62-8

3 Select a Negative Catch Style to fit your Application

Flush Fixed Catch

Proud Fixed Catch

Low Profile Swivel Catch

Adjustable Height Swivel Catch
60-89 mm
(2.36-3.5 in)

Adjustable Height Swivel Catch
75-101 mm
(2.95-3.98 in)

Adjustable Height Swivel Catch
68.5-95 mm
(2.7-3.74 in)

Low Strength	M5-7N-41-8	M5-7N-42-8	M5-7N-43-8	M5-7N-44-8	M5-7N-45-8	N/A
High Strength	M5-7N-61-8	M5-7N-62-8	M5-7N-63-8	N/A	N/A	M5-7N-65-8
