

# Southco Supplier Portal

Welcome to the 'Southco Supplier Portal'

At Southco we value the strong relationships we have with our suppliers and recognize our supply chain plays a significant role in meeting our goals and objectives.

This portal is provided as a means to communicate Southco requirements and to give our suppliers the tools necessary to meet those requirements as they pertain to Purchasing, Quality, Logistics, and Compliance. Please check back frequently. Significant additions and new functionality will be added soon.

We have launch PO Confirmations and Compliance modules for few supplier/s and provide training to users step by step.

Also suppliers can see different Supplier Requirements, Terms and Conditions per manufacture locations, Logistics info etc.

For any query or feedback feel free to write at [scm@southco.com](mailto:scm@southco.com) or use 'Contact Us' module for report any issue.

Thank you for your continued support,

Southco Supply Chain Management Team
